Dear administrators at William Paterson University,

I could not thank you guys enough for have been given as an opportunity to visit your college. I enjoyed learning about the different programs and courses available at your college. I also really enjoyed the virtual escape room and trying to build the hot air balloon which conveniently also presented the option of adding the schools logo. I liked the tour especially. Learning peoples routines and habits when living in a dorm was all very interesting. I also had my own perspective of the college before truly visiting it and I must say my perception was way off, this college campus is huge. I'd like to thank you guys again for taking time out to plan this and allow this to be possible.

Sincerely, Danna

Dear William Paterson University,

I wanted to thank you for letting us go visit your school, me and my peers had lots of fun and would love to go back because we learned a lot and I've been considering WPU as a

option for me in the future. My favorite part was probably learning with Dr. Zelenke with the science and with Mr. Weel with the virtual escape room. Over all I liked everything because there was a lot to explore. I loved the tour as well. So again thank you so much again for everything.

Sincerely,
Rosemelani ♡

Dear WPU Performers and Librarians,

Thank you for the epic field trip. I loved the scavenger hunt. We followed all the clues and found "Take me out to the Ballgame."

Thank You!
Isaac

No offense but this is the best place ever. It taught me alot, I even like the scavenger hunt, the music and more. I defidently am coming back when i come to collage

Thank you for the tour girls and the librarian for the scavenger hunt.
