COSH	Nursing	70	3	1				
COSH	Public Health	15	1	1				
COSH	Speech Language Pathology	15	1	1				
		Totals:	44	23				
Note: The Planning Team is engaged right now on the finer points of what mentors and department faculty liasons will need going into the Fall semester. Those details will be communicated in coming weeks, at the Success Team convocation on May 23, and over the course of the summer. Mentors will be formally added to their mentee's Success Team in Navigate, that also include a student's professional advisor, financial aid counselor, and career counselor from the Career Center.								
The proposed number of student mentees per faculty mentor is intended to be modest (less than approximately 30). A department could chose to have more mentors than are indicated serve in this capacity.								
See the pop-up comment in cell C3 for exactly which students are in this population of sophomores (WP Online students are excluded for instance).
